## 2019 RANGE

50 CC

# MY CITY, MY STORY

We are reinventing ourselves in 2019, and you can too! We are delighted to present our new 50cc range.

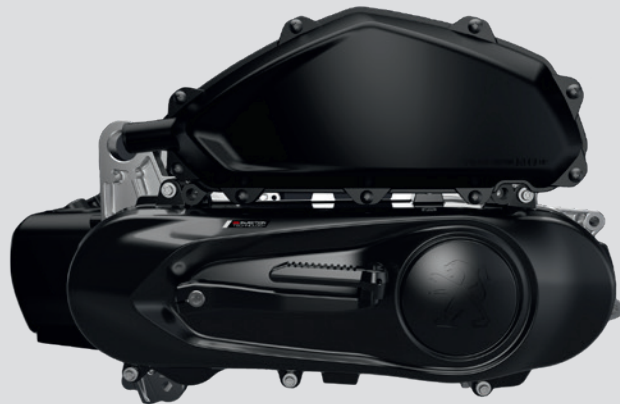

Peugeot Motorcycles draws on 120 years of French expertise and technological innovations that now, more than ever, shape the future of urban mobility.

Your two-wheeled Peugeot scooter will be your companion for city life, matching your pace, and allowing you to rediscover your city while grasping each and every opportunity.

Always on the move, alone or with a friend, by day or by night, in summer or in winter, live life to the full by making the most of everything the city has to offer.

**Reshape your city life.**

## DISCOVER THE 50CC 2 STROKE EURO 4 ENGINE

Since 2017, two-wheelers emissions and consumptions have been regulated by the Euro 4 standard. Until now, Peugeot Motorcycles has offered just one version of its 50cc engine: the 4-stroke.

Thanks to our research and development work, Peugeot Motorcycles is now able to offer scooters geared with a 50cc 2-stroke engine, which adheres to the Euro 4 standard.

It optimises the air-fuel ratio to minimise pollutant emissions and reduce fuel consumption by 20%\*\*\*. 2 stroke or 4 stroke: each engine has its own advantages, so the choice is yours!

\*\*\* In comparison to its predecessor.
